

San Joaquin County Review Birds List - 2020

San Joaquin Bird Records Committee (SJBRC)

Reports of bird species and subspecies on this list that are seen in San Joaquin County are reviewed by the San Joaquin Bird Records Committee (SBRC). The committee solicits supporting details of all occurrences of these species and subspecies, plus any species not on the respective county lists. Send documentation to Frances Oliver, 1817 Songbird Place, Lodi, CA, 95240 or by email to hummer52@sbcglobal.net. Among the goals of the SJBRC are to: 1) compile a body of peer-reviewed, well-documented records of species and subspecies that are rare or poorly documented in San Joaquin County, and 2) preserve these records so they are unlikely to be forgotten or questioned in the future due to lack of documentation.
